

MINETY VILLAGE HALL

Hornbury Hill, Minety, SN16 9QH

Minety Village Hall is a community facility that has been in use since 1932. The land was originally donated by Mr Havilah Miles, a local builder and contractor with additional land granted in 1963 by John Miles. The original wooden village hall was replaced by the building you see today. It is an important community building and is the venue for a wide range of activities catering for all ages (groups are listed below). It is also used for official purposes such as a polling station for national and local elections. The village hall is a great place to hold receptions and parties and with the large stage is ideal for organised entertainment such as bands, dancers and plays. The village hall has a license which allows for music to be played until midnight and there is a PA system available to hire. There is a large car park at the rear of the hall.

It has recently undergone a refurbishment, which was made possible by a lot of hard work from the Committee at the time and the amazing support of the village and friends in voting for the hall to get a grant of £50,000 from the Big Lottery Fund

The main hall is 29 foot wide and about 60 foot long. There is a large easily accessible entrance hall, ladies, gents and an accessible toilet with baby changing facilities, a kitchen with a cooker and fridge. There is a large stage at the end of the hall. The Committee room at the back of the main hall is 29 foot long by 15 foot wide and has a small area to prepare food and drinks. The hall can accommodate 110 people seated at tables or 220 people seated in rows (theatre style). The committee room has capacity for 35 people seated.

From Jun 2016 the charges for the Village Hall hire are as below :
